Selectmen's Letter

1967

Dear Citizens of Ashland:

As this is our Centennial Year, we shall call this our "Centennial Report".

In 1868 Ashland, through an act of Legislature, was incorporated as a township. It was and is the smallest township in Grafton County, consisting of 3853 acres. It was named "Ashland" in honor of the home of Henry Clay. The separation from Holderness included a portion of Little Squam Lake, the Squam River and bordered on the westerly by the Pemigewasset River. A prominent ridge extends north and south across the town and is known as Church Hill.

The town is celebrating the hundredth year of the incorporation of Ashland as a township, but it is interesting to note the earliest settlement was in 1763 by a William Piper.

The dreams and hopes our forefathers had in the progress and growth of the town were fulfilled until disaster struck in 1934 and the "big fire" took its toll on the prosperous little town. The loss of the "Etna" hotel was a sorry blow to the economic structure of Ashland and, dealt a death knell that has rung for thirty-odd years. But, where there exists one trend, there must be another and so it is that Ashland, we believe, is on the reverse cycle. With Interstate 93, comes a rising influence. Growth is already evident in the northwest and soon it will extend and reach to all points of the township. For better or for worse, Ashland is being promoted by businesses and private individuals in search of expansion areas and country living with accessible city connections. Progress and growth are on the march in Ashland once again.

Homage is paid: To the first Board of Selectmen and all succeeding Boards in the last hundred years.

To . . . the men who recognized the need of owning the water works and labored to that successful end.

To . . . the men who endeavored and succeeded in procuring the electric light system for the town.

To . . . the men who started the playground area, now known as the "Beach Booster Association".

To . . . our volunteer fire department, who through the years have faithfully discharged their duty with unstinting devotion.

To . . . our police department for maintaining peace and order to our existence.

AND to the citizens, the unsung patriots, for their staunch support of their town!

Ashland is a very small town
But breeds men of strong wills
It has a rugged terrain
And lies nestled in the hills.

Your Board of Selectmen:

Norman C. Weden
Carl E. Crowley
Edward N. Doggett

**A Heartiest Welcome to All
to the
Ashland, New Hampshire Centennial**

One hundred years ago Ashland separated from Holderness. From 1868 to the present time, many exciting and humorous events have occurred which are still told by our older generation to the new generation. Ashland is proud of their men who have gone to defend our Country's liberties. Without people like our forefathers who believed in enterprise, reared their families, governed themselves, sawed the lumber, tilled the soil, raised the stock, rejoiced at the happinesses, mourned at the sorrows, and prayed to God, we would not be celebrating our ONE HUNDREDTH ANNIVERSARY. Now at the turn of the century, we would ask our old friends and our new friends to join with us in a celebration dedicated to the people and events that have gone before.

We are fortunate to live among people who feel that their town is a great town and are willing to contribute time, effort and money to make this celebration possible, proclaiming to the world that they are proud and grateful for their heritage. To these people we say, thank you.

Mary E. Hughes
Chairman

Report of the Ashland Centennial Committee

The Ashland Centennial Committee was established by vote of the citizens at the 1967 town meeting. Moderator Thomas Pryor was authorized to appoint a committee of citizens to plan and coordinate Ashland's centennial celebration. He named Mary E. Hughes, chairman; Margaret Whitcomb, secretary; John R. Smith, treasurer; Mary Louis Hughes, James H. Rollins, John C. Hughes, George A. Ober, Jr., and Robert G. Proulx, members. On January 26, 1968, Mrs. Whitcomb's resignation was accepted with regret by the committee. Acting-moderator William Deachman appointed four new members: Rhenda B. Paquette, secretary; Joy Bricker, Marion K. Merrill, and Thomas W. Heinz.

The committee has been meeting each week since last fall in an effort to plan and organize the finest celebration in the history of the community. Over thirty sub-committees have been established and are at work on the many phases of the observance of Ashland's one hundredth anniversary.

An outstanding commemorative plate was placed on sale in December and is pictured on the back cover of this town report. The nine scenes highlight Ashland's Century of Progress. The plates may be purchased for two dollars at many places of business in town.

Centennial coins will be issued about the first of June. Three hundred numbered silver coins and five hundred bronze coins have been ordered with the option of an additional purchase of two hundred silver and five hundred bronze coins. The silver coins will be priced at ten dollars and the bronze at two dollars and fifty cents. The coin will depict the Kusumpe, one of the many steamboats operated on the Squam Lakes years ago. The Ashland town seal will appear on the reverse side.

An historical booklet and centennial program will be published. Scores of Ashland citizens have been researching and writing the history of Ashland's schools, churches, businesses, organizations, industries, and prominent families and citizens. The booklet will contain an interesting collection of photographs portraying the changing scene in the community over the past ten decades. An extensive campaign has been initiated to solicit advertisements from businesses in Ashland and throughout the area. Individuals or families who desire to support this centennial publication may become sponsors for five dollars or patrons for twenty-five dollars.

A comprehensive historical exhibit of photographs, documents, historical mementoes, family heirlooms, and other memorabilia will be arranged to depict the story of Ashland's one hundred years.

Invitations to participate in the celebration will be mailed to hundreds of former residents, summer residents, and friends. Homes will be dated and historical points of interest in the community will be marked. An arts and crafts exhibit is being planned. Attractive centennial stock certificates will be issued for one dollar each. Eighteen other communities throughout the United States are named Ashland. A descriptive letter and a centennial plate will be sent to each Ashland, with a request that they reciprocate with a memento of their communities. A special cancellation die is already being used at the local post office to commemorate the centennial and to publicize the dates of the celebration.

The week-long celebration will open on Saturday, July 20, highlighted by the Centennial Costume Ball when a Centennial Queen will be crowned and the results of a beard-growing contest will be announced. At least one major event is being scheduled for each day of the following week. The program includes an ecumenical religious service, a children's field day, an all-pet show, a swimming meet at the Ashland beach, an outdoor dance for the teenagers, a horse show and gymkhana, and an old-fashioned square dance.

Saturday, July 27, marks the height of the week's activities. A gala parade of floats, bands, antique automobiles, horse-drawn vehicles, and many special entries will be staged in the morning. An old-home day observance and picnic will feature many distinguished speakers. The water regatta on Squam Lake is scheduled for that afternoon. A chicken barbeque in the early evening will be followed by a band concert. The day will close with a spectacular fireworks display.

On Labor Day weekend, a metal time capsule will be buried containing mementoes of the celebration. The hope is that it will be unearthed and opened in 2068 on the occasion of Ashland's Bicentennial.

A celebration of this magnitude will require the cooperation and participation of the entire community. Your enthusiastic support of these endeavors during the next five months will insure a successful and memorable observance of Ashland's Centennial in July.

“Ashland’s First Hundred”

Nestled in the valley, on the bank of River Squam
Lies the town of Ashland, picturesque in form.
Emancipated from Holderness in 1868
A hundred years later, we pause to celebrate!

And as we pause our minds search the years
For important dates and names of our peers,
Who thought to dam the river and harness the power
Then one industry after another began to flower.

At the turn of the century we were in full swing
Our little town boasted just about everything,
Lawyers, doctors, dentists and every kind of store
But our progress was paralyzed by the fire of '34!

With the hotel holocaust a cruel blow was dealt,
Not to rebuild was a mistake the whole town felt.
For businesses closed, while others moved away,
Regression was apparent and everything looked gray.

Now a younger generation has Ashland in its hands
To progress is their aim and they are making plans.
Our pledge is to the future, so come help us celebrate
You'll find us at Exit 24 - 93 Interstate!

Town Boundary Lines

Report by Charlie M. Flanders

I was authorized by the Board of Selectmen to locate and mark the boundary posts of the town lines between Ashland, New Hampton and Ashland, Holderness. I found that the Ashland/New Hampton line has been fairly well marked and recorded in the Town records, according to State law and are very easily located. However, the Ashland/Holderness lines have no recording of perambulations from 1906 until 1954. None from 1954 until 1967. On this line, I located and marked '67 on thirteen posts, most of which are back in the woods and very hard to locate. According to the records there should be fifteen posts on this line, but two are missing. One where the line crosses Route 175 at the junction of the dirt road at Seven Pines, so-called, and the other on the bank of the Pemigewasset River beyond the airport, the bank being washed out at least forty feet. Altogether, the total number of posts marked number nineteen. The outline of the boundary of the Town of Ashland and the description of the numbered posts located thereon is as follows:

- Post #1 - In Cote's field, now owned by the Town, on bank of Pemi
Marked A & N 1877, '05, '12, '19, '26, '33, '54, '61, '67
- Post #2 - Opposite Town dump
Marked A & N with line on top, '61, '67
- Post #3 - Beside Rte. 3B about 125' before Town dump road
Marked 1855, '70, '77, '84, '91, '98, '05, '12, '19, '26, '33, '40
'47, '54, '61, '67
- Post #4 - On Winona Rd. opposite Bernard Avery house
Marked on three sides, 1870, '77, '81, '91, '98, '05, '12, '19, '26,
'33, '40, '47, '54, '61, '67
- Post #5 - On road to Frank Lambert's at top of hill before brook
Marked '61, '67
- Post #6 - Corner post, marked A-N-H-C, for Ashland, Holderness,
New Hampton and Center Harbor. H . . . '01, '30, 1898, '08,

The decision to keep the Library open an additional four hours weekly, (two afternoons, two hours each) is beginning to show results. While the number of Adult borrowers has declined slightly, the number of Juvenile borrowers has increased substantially, reflecting added interest by that particular group. And this we feel is good.

Patrons visiting the Library evenings generally find a Bee Hive of Industry as many students avail themselves of the opportunity to use the reference material there pertaining to their individual requirements.

The Library was the recipient of several gifts, viz:-

A gift of \$5.00 from Alphonse Guyotte covering a year's subscription to True News Magazine.

A gift of \$5.00 from a family of summer guests in the Squam Lake area, in appreciation for use of the Library's facilities.

A set of Encyclopedias which had belonged to the George Dicey family, and given by Mrs. Laura Brown.

A very interesting red and white autograph quilt which had belonged to his grandmother, Mrs. Asa Robinson, from Harold Robinson. It bears the hand embroidered signatures of many, many Ashland residents of that era, a very few of whom still survive. This used to be one method of raising funds for some specific project.

Complying with a new law passed at the last session of the Legislature, the trustees will hold an open business meeting at the Library the first Wednesday in January, April, July and December respectively, at 2 p. m. Any one having a problem to discuss, helpful suggestions or constructive criticisms to offer is asked to avail themselves of the opportunity of meeting with the trustees.

We would like at this time to express our appreciation and thanks to our two faithful Librarians, Miss Frances Platt and Mrs. Ida Brown; to Mrs. Jeanette Shaw and her successor Mrs. Peg Minnon for their meticulous care of the Library and last but not least to the Scribner Trustees whose co-operation and ready response to our slightest request, is so generously given.

Report of the Ashland Municipal Court

During the year 1967, 170 cases were entered in the Ashland Municipal Court.

Of these, 151 were criminal cases, 12 were Small Claims, 3 were Landlord and Tenant Actions and four were Juvenile Cases.

In the Juvenile Department two cases were of Delinquent children and two were of Neglected children.

The court returned to the Town of Ashland \$1,748.27 in fines and fees. This is an increase of \$255.51 over that of 1966. After paying all expenses of the court including the salary of the justice, the court showed a profit of \$1,248.27.

On May 17, 1968, The Ashland Municipal Court will be abolished. This is in accordance with an act of the Legislature of 1963 which set up the District Court system and limited the tenure of Municipal Courts to the retirement age of its judges. My retirement age will be May 17th. Therefore, on that date the Ashland Municipal Court will be absorbed into the Plymouth District Court. All criminal and civil cases from that date will be prosecuted in the Plymouth District Court.

In my next and final report I will say more in detail concerning this.

Respectfully,

Hiram Gingras, Justice

Ashland Municipal Court

1915 - 1968

Whereas, the municipal court of Ashland in May 1968 will terminate its function, a brief history of the courts is in order.

The New Hampshire Courts originally were held in individual communities by a Justice of the Peace. Only minor offenses were heard by this court, any offense of criminal nature was heard by a higher court. In 1913, Police Courts were established. The officials were elected by the vote of the people and therefore were subject to the reigning party affiliation each election year. As this was a most unsatisfactory situation, in the year 1915 the present municipal court system was established and the judgeship was made by an appointment by Governor and Council. His term was until age seventy once appointed.

Some of our local judges were:

Squire Wilson
Asa Drew

Justice of the Peace Court

Municipal Court Judges:

Ellis Gammons; Otis Skinner; Albion Kahler;
Thomas Pryor; Margaret P. Whitcomb and Hiram
Gingras.

In 1963 it was voted to abolish the Municipal Court system in favor of the District Court. In order for a smooth changeover, it was left to the vote of the individual towns to determine whether to retain its court until the presiding judge reach retirement (or if the seat became vacant for any other reason) or to terminate it by vote that year. Ashland voted to retain and therefore in this our centennial year, in May, Judge H. Gingras will retire from the bench and the municipal court in Ashland will cease its functions. The District Court will assume the task of hearing the cases of the Town of Ashland.

Another year has past, and we are enjoying our fourth year without a fatality, this department has had a busy year with a lot of calls, for all types of service, gas, oxygen, emergency runs to hospital, also emergency blood runs, and a few fires.

This has been a sad year, as we lost a brother officer, whom everyone in this area liked and respected, Conservation Officer William "Bill" Mooney, of Bristol, New Hampshire. All sportsmen will feel this tragic blow.

Interstate 93, has been quite active this year, even though we have two more State Troopers covering from

Concord to Plymouth. We did accomplish getting our long requested signs "Dangerous Wind Currents" in the ledge area of Interstate 93.

Our crime rate, in Ashland, has risen over 1966 by 18%.

I would like to thank Judge Hiram Gringas for his fine cooperation in the Ashland Municipal Court, and to Trooper Thomas Winn, and other Troopers in this area, who donate a lot of free time to help the Town of Ashland. Also to the fine group of men who make up the Ashland Auxiliary Police, who so many have seen so often, in the past years, and still working for the benefit of our Town, without pay, and so many hours sacrificed to do a job so many overlook, without any thanks.

Report of Civil Defense Director — 1967

This year we have added to our Police Unit equipment. Equipment added has been quite handy in several cases in town, and in case of an emergency, either in Town or a neighboring town, would be needed for the proper handling of these situations. So far this year, the Auxiliary Police members have been practising with the revolvers on their own. We are hoping to get going enough on this to have a team to do some Match shooting this coming year.

There has been a shortage of members on the Auxiliary, but this past few weeks we have picked up a few members. We are now up to a strength that is more practical, but could use a few more members.

As mentioned in last year's report, we would like to have a signal on the Fire Alarm system to call just the Police unit in case of emergency. This has been arranged and the number should be out for the new Alarm Listings.

The group has started to fix up the room in the Fire Station and this will be all set up in the spring. This will give us one place for all of the Auxiliary Police equipment.

Report of the Planning Board

Many monthly and special meetings were held during 1967. Long hours of discussions and reviews were held on various topics to be included in the comprehensive planning study report for 1967 under the "701" program. Mr. Jack Werblo worked very diligently with our group. A vast amount of research about Ashland was accomplished and compiled for the final report. After the October meeting Mr. Werblo resigned from the staff of Atwood & Blackwell. Mr. Prescott of the state DRED office attended many of our meetings.

The house numbering project was continued this year. In the Spring of 1967 this project will be completed. It is hoped that uniform sign numbers will be made available for all home owners to purchase in the spring. The list of building numbers will be published in the local paper. There is a great need for this numbering project.

The highlight of the year was an open meeting for the public, held in October. Various maps, which included soil patterns, generalized land use and conservation maps, and the town plan were displayed and discussed. A small but enthusiastic audience attended. Mr. Atwood of Atwood & Blackwell presented the program.

After numerous corrections the Planning Study report, the culmination of all the past work by the firm of Atwood & Blackwell under the "701" program, was presented to the members. A zoning ordinance has been prepared and will be presented at an open meeting in two months for discussion and probable acceptance in the near future.

There are copies of the planning study for 1967 available to the citizens which should be read prior to the open spring meeting. At this time various aspects of the report will be presented for approval. The "701" program has been completed except for final acceptance by the town. Whatever may be approved will be for the betterment of the future Ashland.

The impact of the Waterville area project and Ski "93" is already being felt in our town. It is difficult to say just what impact Route "93" interchange will have on our area. Many properties were sold this past year and the majority of sales were to out-of-town buyers. Land speculation has already

begun in the area. There is a definite need for planning now, not a year from now, otherwise it will be too late.

The Ashland sewerage project has been approved and this spring will see this project underway, in order to meet the completion date.

If any citizen has any questions on this "701" program, information may be received from any member of the Planning Board.

L. M. Young, Chairman Tree
Planting Committee

Following the Town Meeting vote, the Committee, consisting of Cutting Hughes, Abner Waldo, Margaret Whitcomb, Maude Bastow, Arthur Dicey, Sr., George Ober, Jr. and L. M. Young, met four different times for conference. Detail canvassing and inspection was done by Abner Waldo and Cutting Hughes, assisted by Arthur Dicey. To Mr. Waldo goes the credit for procuring the trees and supervising the plantings. No small job, when it is considered a total of 72 trees were planted this year.

From our small beginnings in 1965 when the Tree Committee initiated its program and sold outright 26 trees, this brings our total trees planted to 98!

This has been a fine working committee, voluntarily giving pleasure to Ashland residents for years to come.

Lillian M. Young

Report of Forest Fire Warden and District Chief

After several successive years of drought, the rains of 1967 came as a welcome change. Our record of the past fire season is good. Our thanks to all who contributed to achieve this good record. Continued improvement in the accurate, prompt detection and rapid, effective suppression action can help to maintain this good, worthwhile record even though we do not have an abundance of rain as in the fire season of 1967.

It will help if we follow these simple suggestions:

1. No burning of debris and waste between the hours of 9:00 a.m. and 5:00 p.m. and then only with a written permit from the Forest Fire Warden.
2. Take debris and waste to the town dump.
3. Maintain a clean, safe dump.
4. Keep matches away from young children.
5. Be sure matches and smoking material are dead out when we discard them.
6. Set a good example for others in fire prevention.

Mrs. Katherine K. Deachman was transferred to the English Department replacing Mr. Stanley Hall who is now the Guidance Director at Mascoma Regional High School.

Mrs. Lumina M. Straw, R. N., assumed full time duties of School Nurse-Teacher as Mrs. Fisher accepted full time employment in the Plymouth Supervisory Union.

Addition and Improvements

Two sewing machines, one gas stove, one electric stove, and a refrigerator were replaced in the Home Economics Department.

The burner unit in the central heating system was replaced with an emergency appropriation.

Costs

The property tax assessment for the school year 1967-68 was \$178,649.50 which was \$21,158.95 over the previous assessment. The District received \$24,407.97 this year from the State Foundation Aid Program and \$41,087.03 is anticipated for the ensuing year. This program is based on the equalized valuation. The share of the Sweepstakes this year netted the district \$3,149.52. Building Aid on the Ober Elementary School was \$1,546.02.

The cost per pupil as computed by the State Department of Education excluding transportation and Capital Outlay was as follows for the 1966-67 school year: Grades 1 - 6, \$329.97; Grades 7 - 8, \$537.54; Grades 9 - 12, \$717.44.

The state average was as follows: Elementary \$401.00, Junior High \$518.00 and High School \$589.00.

Salary Schedule

The School Board has increased the starting salary from \$4700 to \$5000 for the school year 1968-69. The annual increment is \$200 and the maximum is \$6800 after nine years.

This schedule is still below the majority of the Districts in the State as it appears the average will be \$5400 for next year.

Area School Study

An Area School Study Committee was authorized at the last Annual School District Meeting. The committee consisting of Dr. Mary Bilheimer, Ronald Abear and J. Carlton Beard was appointed, and this committee met with committees from Campton, Holderness, Plymouth, Rumney, Warren, Wentworth and Thornton to study the question of Secondary Education. The committees from Campton, Holderness and Plymouth voted to have an Area High School with Plymouth as the receiving district. The districts voted in favor and the State Board of Education approved the proposal. Later the School Districts of Rumney and Wentworth decided to join the Area School Program and approval was given by the State Board.

At the present time Ashland High School is classified as an approved high school where the majority in the state are classified as approved comprehensive because of the overall program and facilities.

Ashland School District has a space problem, as at the present time, the stage in the auditorium is being used as a study hall with physical education classes being conducted on the gym floor. The storage area in the basement of the Ober Elementary School was used for a classroom for a while in the fall, but this did not prove to be satisfactory due to heat and ventilation. Space is being used at the Episcopal Parish House for the classes in art.

The School Board has inserted an article in the warrant to see if the voters will appoint a committee to make a study of the facilities and to make a proposal as to the construction of added space.

Conclusion

The School Board is responsible for the continued improvement of education for all children. Good leadership,

planning and organization is necessary if we are to meet the new challenges in our schools today, and the Ashland Board is to be congratulated for the way in which they meet their obligation.

I wish to take this opportunity to express my appreciation to the teaching staff for their devotion to their duties, to the Lunch Program workers, the Custodians, Town Officials, Highway, Fire and Police Departments for their cooperation and help.

Also the Public Library staff is to be complimented for their part in helping in the overall education of the children.

Principal's Annual Report

The following is the principal's annual report for the school year 1967-1968. It is hoped that the following information will be informative and helpful.

ELEMENTARY SCHOOL REPORT

No change in the time schedule was made this year as the present schedule has proven very satisfactory.

The new mathematics program is working well, as is the remedial reading program. As in past years our emphasis is on the reading program.

The pupil load is becoming a factor not only in the high school but in the elementary school as well. There will be grades in the elementary school next year that will contain from thirty-eight to forty pupils. One of the things that is needed in the elementary school is a "teachers aid" to help ease the pupil load.

It is with regret that we hear that Mrs. Estella Boyd is terminating her teaching at Ashland with the end of the school year. Mrs. Boyd has done an excellent job in her department and our concern now is, can she be replaced next fall in the face of the present teacher shortage? With fifty unfilled positions in the schools of New Hampshire now open, and with some one hundred fifty position openings in September being declared at this early date, the supply of teachers is critical and no position can be guaranteed to be filled in September 1968.

HIGH SCHOOL REPORT

Ashland High School started the school year with the same basic time schedule as last year. Ten new and five previous teachers made up this year's teaching staff.

A part time art course was added to the present class schedule. This course is offered three or four times a day at the Episcopal Parish House and is taught by Mrs. David Stod-

dart. It was necessary to schedule the Art course at the Episcopal Parish House as no room was available at the school.

Ashland High School is in dire need of additional space for classroom work if it is to continue to function as a high school of good standing in the state.

The following additions should be made to the present course of studies at the high school. An additional Science course should be added for the "B" track program at both Grade 10 and Grade 11. Another mathematics offering should be added to the "B" track program at the Grade 10 and Grade 11 level. Another social studies should be added to the "B" track at the Grade 11 level. Lack of adequate room makes these additions impossible. At present we are holding eight periods of science in a seven period schedule. One of these classes cannot be held in the science room due to the lack of space.

Study halls are held in the Gym on the stage, three times a day. In some cases physical education classes are going on in the Gym the same time that a study hall is on the stage. This additional noise along with poor lights, seats, and inadequate heat and ventilation all adds up to a poor learning situation for the students.

Ashland must now make a choice of either sending the school out of town or providing necessary space to operate so as to give the children of Ashland an opportunity to obtain the basic education the world requires.

I wish to take this opportunity to thank Mr. Martin E. Heffernan, the School Board, the faculty, the students and their parents for their cooperation through the school year.

Respectfully submitted,

JESSE L. BARTLETT
